Reviewer’s report

Title: Secretion of MCP-1 and other paracrine factors in a novel tumor-bone coculture model

Version: 2 Date: 13 January 2009

Reviewer: Nicola Normanno

Reviewer’s report:

The authors have addressed in part my concerns. The study is descriptive, no mechanisms are described.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests
