Reviewer's report

**Title:** Survival of cancer patients treated with mistletoe extract (Iscador): a systematic literature review

**Version:** 2  **Date:** 22 October 2009

**Reviewer:** Malinee Laopaiboon

**Reviewer's report:**

The current draft is much clearer and is accepted. A point should be clarify is that 40 studies with 41 strata have to be mentioned. The authors should consider their figure 1 and first paragraph of the results. If there is a study with two comparisons, and which one. Please make sure what the information is.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I declare that I have no competing interests.
