Reviewer's report

Title: Peripheral capillary nonperfusion in asymptomatic Waldenstrom's macroglobulinemia

Version: 1 Date: 3 July 2010

Reviewer: James Dunn

Reviewer's report:

This is an interesting report.

Major compulsory revisions:
1. What was the result of recent laboratory testing apart from the one value given (e.g., serum viscosity level, total protein)?
2. Were other causes of peripheral hypoperfusion ruled out?

Minor essential revisions:
1. There are a few minor grammatical mistakes.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
