Reviewer's report

Title: Intraocular nematode with diffuse unilateral subacute neuroretinitis: Case report

Version: 2 Date: 12 May 2011

Reviewer: Sue M Lightman

Reviewer's report:

They have replied to the comments of both reviewers

The manuscript is of limited interest but the pictures are so good I thought it probably was worth publishing despite the other papers in the literature - also the Herxheimer reaction and their use of prednisone is good to put into the literature

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
