Reviewer's report

Title: Effect of Fibrin Glue as an Adjuvant to Hang-back Surgery

Version: 3 Date: 28 March 2012

Reviewer: AMAR AGARWAL

Reviewer's report:

The study is interesting to read. However the clinical scenario is different in human eyes with dynamic movements.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests
