Reviewer's report

Title: Association analysis of cigarette smoking history with onset of primary open-angle glaucoma and glaucoma-related biometric parameters

Version: 1 Date: 22 February 2012

Reviewer: Simon Kelly

Reviewer's report:

This is a good paper. Well done.

It would be of merit if the authors clarify if ex smoking status was considered.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
