Reviewer's report

**Title:** Efficacy, predictability, and safety of small incision lenticule extraction: prospective cohort study

**Version:** 3  **Date:** 30 August 2014

**Reviewer:** Walter Sekundo

**Reviewer's report:**

The authors addressed and corrected the issues raised in the first revision.

May I suggest to the author to make their title more precise:
"Efficacy, predictability, and safety of small incision lenticule extraction 1: A 6-months prospective cohort study"

**Level of interest:** An article of limited interest

**Quality of written English:** Acceptable

**Statistical review:** Yes, but I do not feel adequately qualified to assess the statistics.

**Declaration of competing interests:**

I am a member of the scientific Board of Carl Zeiss Meditec AG and - along with Dr Blum - helped Zeiss to develop this procedure. However, I do not have any financial interests in this procedure
