Reviewer's report

Title: Refractive Changes in the Rabbit Eye after Corneal relaxation with the Femtosecond Laser

Version: 2 Date: 24 April 2013

Reviewer: Marina Hovakimyan

Reviewer's report:

The level of interest is very low, because the same result have been already published in a top-ranking ophthalmological journal 4 years ago (IOVS)

Level of interest: An article of insufficient interest to warrant publication in a scientific/medical journal

Quality of written English: Not suitable for publication unless extensively edited

Statistical review: No, the manuscript does not need to be seen by a statistician.
