Reviewer's report

Title: Secular trends in pediatric antiretroviral treatment programs in rural and urban Zambia: a retrospective cohort study

Version: 2 Date: 14 July 2010

Reviewer: Helena Rabie

Reviewer's report:

Severe malnutrition should be an indication for ART if thought to be HIV related

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
