Reviewer's report

Title: Epidemiological characteristics of Candida species colonizing oral and rectal sites of Jordanian infants

Version: 3 Date: 4 July 2011

Reviewer: Yun-Liang Yang

Reviewer's report:

Minor Essential Revisions:
1. “Candidiasis” is the more commonly accepted form than “candidasis’.
2. Please change “C.albicans” into “C. albicans”. There is a space between “C.” and “albicans”. And this is the same to other species names throughout the articles.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
