Reviewer’s report

Title: Evaluation of the effects of Botulinum toxin A injections when used to improve ease of care and comfort in children with cerebral palsy whom are non-ambulant: A double blind randomized controlled trial.

Version: 2 Date: 10 July 2012

Reviewer: Richard Placzek

Reviewer’s report:

The main objections of the reviews have been considered and amended the text accordingly. In my view, the work is now ready for publication.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

The scientific work of the reviewer was supportet by the companies Allergan, Ipsen and Merz in the last five years.
