Reviewer’s report

Title: The prevalence and correlates of behavioral risk factors for cardiovascular health among Southern Brazil adolescents: A cross-sectional study

Version: 2 Date: 5 June 2012

Reviewer: Diego Moliner-Urdiales

Reviewer’s report:

I would like to thank the authors for considering all of the Reviewer’s suggestions about the manuscript “The prevalence and correlates of behavioral risk factors for cardiovascular health among Southern Brazil adolescents: A cross-sectional study”.

In my opinion, the final version of the manuscript is stronger as a result of the modifications and meet the high standards of the journal BMC Pediatrics.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
