Reviewer’s report

Title: The evaluation of an evidence-based clinical answer format for paediatricians

Version: 2 Date: 17 January 2012

Reviewer: Bob Phillips

Reviewer’s report:

The revision picks up and addresses previous suggestions.

As another minor amendment, it may be interesting to mention how further evaluations will be undertaken to decide on how useful the product is in the practice of the (actual) audience.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

'I declare that I still have no competing interests'
