Reviewer's report

Title: Deficiencies in culturally competent asthma care for ethnic minority children: a qualitative assessment among care providers

Version: 2 Date: 2 March 2012

Reviewer: Gopalakrishnan Netuveli

Reviewer's report:

Authors have adequately addressed the points raised in the previous review. They have identified in their response the strength of their study as demonstrating the "magnifying glass effect". They could have mentioned it as a strength in the paper also, where they discuss it.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
