Title: Abernethy malformation: a case report

Version: 6 Date: 25 April 2012

Reviewer: stephanie Franchi-Abella

Reviewer’s report:

thank you to the authors for their contribution to the knowledge of this rare pathology and their interesting comment on the significance of "symptomatic". My last comment only concerns references: Could you write the complete reference for 6 and 15?

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
