Reviewer’s report

**Title:** Changes in Diet and Physical Activity Resulting from the Shape Up Somerville Community Intervention

**Version:** 3  **Date:** 22 July 2013

**Reviewer:** Noreen Willows

**Reviewer’s report:**

The manuscript has been revised appropriately. The author should add "years" after the age of children. For example, children were aged 6-11 years. On page 9 at the top, the authors might wish to include a single sentence indicating if activities were for the most part implemented as intended as discovered by the process evaluation.

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**
