Reviewer's report

Title: Intracranial hypertension presenting with severe visual failure, without concurrent headache, in a child with nephrotic syndrome.

Version: 2 Date: 27 September 2013

Reviewer: Sambuddha N Ghosh

Reviewer's report:

1, minor essential revision
page 10 Author states: . However, non-invasive tools are being developed to measure CSF pressure [15, 16].

Comment: : Reference 16 is about a non invasive tool for monitoring disc edema in idiopathic intracranial hypertension. The line should be rewritten.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
