Reviewer’s report

Title: Beyond the Clinic: Improving Child Health through Evidence-based Community Development

Version: 4 Date: 10 September 2013

Reviewer: Abbey Byrne

Reviewer’s report:

Minor essential revision: As per the previous suggestion, please state in both the abstract and the introduction section of the manuscript the country or countries from which the evidence is drawn. The manuscript text refers only to the United States. If this is the only country from which the evidence is drawn, and to which the evidence is relevant, please state so for the readers.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
