Reviewer's report

Title: Inter-tester reproducibility and inter-method agreement of Beighton tests and criteria for Generalised Joint Hypermobility in primary school children

Version: 4 Date: 24 October 2013

Reviewer: Marietta van der Linden

Reviewer's report:

The paper is much improved. Although the authors did not provide a list with their response to every reviewer's comment, they have satisfactorily included my comments in their revised manuscript.

I have only one minor essential revision

Page 7, 3rd paragraph

'For the Beighton .... (Method B).

In this table the authors refer to Table 3, which I think should be Table 2

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
