Reviewer's report

Title: Deficiency of ADAMTS-13 in Pediatric Patients with Severe Sepsis and the impact on in-hospital mortality

Version: 2 Date: 14 March 2013

Reviewer: MOREL Nathalie

Reviewer's report:

In my opinion, this article could be accepted without modification. In fact, authors answered all questions and gave necessary details.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
