Reviewer’s report

Title: Drug use profile in outpatient children and adolescents in different Italian regions

Version: 3 Date: 21 December 2012

Reviewer: imti choonara

Reviewer’s report:

The paper has significantly improved and I am happy to recommend publication, if the statistical review, which the Editor will hopefully organise, is satisfactory

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:

I am a co-investigator with M Bonati (one of the authors) on 2 European FP7 grants (TINN & TINN2)
