Reviewer's report

Title: Inadequate vancomycin therapy in term and preterm neonates: a retrospective analysis of trough serum concentrations in relation to minimal inhibitory concentrations

Version: 3  Date: 15 June 2014

Reviewer: Ajay J Talati

Reviewer's report:

The authors have addressed most of the previous concerns satisfactorily, some discussion about the limitations would make the manuscript stronger.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
