Reviewer's report

Title: Associations between preterm birth, small-for-gestational age, and neonatal morbidity and cognitive function among school-age children in Nepal

Version: 2 Date: 28 August 2013

Reviewer: Andreas Beyerlein

Reviewer's report:

Discretionary Revisions

I still think that the authors should be a bit more careful in interpreting their results, i.e. what was significant or not, if they do not adjust for multiple testing.

Apart from that, the authors have responded well to my issues.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
