Reviewer's report

**Title:** Childhood Tuberculosis and its treatment outcome in Addis Ababa: a 5-years retrospective study

**Version:** 3  **Date:** 27 December 2013

**Reviewer:** Alan Altraja

**Reviewer's report:**

The Authors have accessed almost all the issues I raised previously.

Minor essential revisions:
Still, all figures and tables need to be accompanied by explanations of the abbreviations used. After correcting the eventual spelling and grammar mistakes, I would have no further comments.

**Level of interest:** An article of importance in its field

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I declare that I have no competing interests.
