Reviewer's report

Title: Acute myopia and angle closure glaucoma from topiramate in a child: a rare case report and review of the literature

Version: 1
Date: 3 February 2014

Reviewer: Joern Soltau

Reviewer's report:

No Major Revisions

Minor Revisions:
1) mg, kg, mmHg are accepted international units and do not need any explanation
2) I would recommend using the English terms right eye, left eye, both eyes, at bedtime, three times daily, by mouth or orally
3) the abbreviations VA, IOP, and PO are not properly explained/introduced
4) It is not clear if the discharge medications are given orally or topically
5) -3.75 diopters

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
