Reviewer’s report

Title: Retinopathy of prematurity and risk factors: a prospective cohort study

Version: 2  Date: 12 April 2005

Reviewer: David K Coats

Reviewer’s report:

General
I re-reviewed the material and I am satisfied with their responses. I think the paper is worthy of publication.

-----------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)
