Reviewer's report

Title: Procalcitonin is not sufficiently reliable to be the sole marker of neonatal sepsis of nosocomial origin

Version: 3 Date: 7 April 2006

Reviewer: Daynia Elizabeth E Ballot

Reviewer's report:

General
I have seen the author's responses and corrections and find them acceptable.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision
