Reviewer's report

Title: Cough and reflux esophagitis in children: their co-existence and airway cellularity

Version: 4 Date: 31 January 2006

Reviewer: Alyn H Morice

Reviewer's report:

General
Thank you. Your modifications appease a believer in the "all cough is reflux hypothesis"

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No
