Reviewer’s report

Title: Management of Neonatal Hyperbilirubinemia: Pediatricians' Practices and Educational Needs

Version: 4 Date: 24 January 2006

Reviewer: Fruhling V Rijsdijk

Reviewer’s report:

General

The concerns are sufficiently addressed.

-----------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: Yes

Declaration of competing interests:

I declare that I have no competing interests.
