Reviewer’s report

Title: A Randomised Controlled Trial of Early Insulin Therapy in Very Low Birth Weight Infants NIRTURE (Neonatal Insulin Replacement Therapy in Europe)

Version: 5 Date: 13 July 2007

Reviewer: Andrew R Willan

Reviewer’s report:

General

The statistical methods are now adequately described.

------------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

------------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

------------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

------------------------------------------------------------------------------------------------------------------------

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:
