Reviewer's report

Title: Evaluation of procalcitonin for diagnosis of neonatal sepsis of vertical transmission

Version: 5 Date: 10 January 2007

Reviewer: Lucia Pacifico

Reviewer's report:

General
No comments

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
