Reviewer’s report

Title: Psychological adjustment and quality of life in children and adolescents following open-heart surgery for congenital heart disease: a systematic review

Version: 2 Date: 22 October 2008

Reviewer: Hedwig Hoevels-Guerich

Reviewer’s report:

From my point of view, the authors have sufficiently answered to my questions and comments, and corresponding changes have been made. So the revision of the manuscript can be finished. The paper is suitable for publication now.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
