Reviewer's report

Title: "Why do paediatricians prescribe antibiotics? Results of an Italian regional project"

Version: 2 Date: 11 August 2009

Reviewer: Sigvard Mölstad

Reviewer's report:

I´m quite satiesfied with the authors response to my the prior review and the performed changes.

Just two minor revisions, spelling mistakes:
page 4 ,r 12, beta-lactamase, not beta-lattamase
page 6, r 9, the number 4 suddenly appears in the end of sentence.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
