Reviewer’s report

Title: Risk Factors for Posttraumatic Stress Disorder Symptoms Among Deployed US Male Marines

Version: 2 Date: 4 February 2010

Reviewer: Cindy Eckart

Reviewer’s report:

I appreciate the opportunity to review the resubmission of the manuscript ‘Risk factors for PTSD symptoms among deployed US Male Marines’. The authors made substantial improvements to the manuscript and responded diligently to the reviewer critiques. The paper is much improved and now makes a significant contribution to the literature. I have no more concerns regarding publication of this paper.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
