Reviewer's report

Title: European Consensus Statement on Diagnosis and Treatment of Adult ADHD

Version: 2 Date: 28 July 2010

Reviewer: Joseph Biederman

Reviewer's report:

The authors response is generally argumentative in tone (not a good approach) There is no indication in the response of what changes have been actually made in the Ms based on the responses and where these changes are.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
