Reviewer’s report

Title: Reasons for illicit drug use in people with schizophrenia: Qualitative study

Version: 2 Date: 11 October 2010

Reviewer: Morten Hesse

Reviewer’s report:

I believe that the ms has become much more interesting.

Major compulsory revisions:
None

Minor essential revisions:
Please carefully check the text for citations from informants that may contain
colloquial terms and slang that is not readily understandable for readers from
outside the UK. I had some problems understanding some of the citations from
interviews.

Discretionary revisions
None

Level of interest: An article whose findings are important to those with closely
related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a
statistician.

Declaration of competing interests:
