Reviewer’s report

Title: Collaborative Care for patients with severe borderline and NOS personality disorders: a comparative multiple case study on processes and outcomes.

Version: 1 Date: 5 April 2011

Reviewer: Toshiaki Furukawa

Reviewer’s report:

No major or minor essential revisions from the present reviewer. However, the present reviewer hopes that, when the authors publish their final results, they will note the possible differences between the published protocol and the final paper.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I have received honoraria for speaking at CME meetings sponsored by Astellas, Dai-Nippon Sumitomo, Eli Lilly, GlaxoSmithKline, Janssen, Kyorin, MDS, Meiji, Otsuka, Pfizer, Shionogi and Yoshitomi. I am on advisory board for Sekisui Chemicals and Takeda Science Foundation. I have received royalties from Igaku-Shoin, Seiwa-Setnen, Nihon Bunka Kagaku-sha and American Psychiatric Publication. The Japanese Ministry of Education, Science, and Technology and the Japanese Ministry of Health, Labor and Welfare have funded my research.
