Reviewer’s report

Title: Experiences of guided Internet-based cognitive-behavioural treatment for depression: A qualitative study

Version: 3 Date: 24 June 2011

Reviewer: Karina Lovell

Reviewer’s report:

Thank you for asking me to re review this paper - I have looked at the comments from the authors and re read the paper - they have given detailed responses to the questions I raised and satisfied with their response - and changes in the manuscript and hence would be happy for the paper to be published

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

None of the above but am a applicant of a trial examining CCBT with depression
