Reviewer's report

**Title:** Comorbid mental disorders in substance users from a single catchment area - a clinical study.

**Version:** 2 **Date:** 23 December 2010

**Reviewer:** Morten Hesse

**Reviewer's report:**

Major compulsory revisions
This document represents the authors plans, and a source of reference for any future publications.
However, a common, and relevant, addition that should be added is clinical implications of the possible findings. This should be added to the protocol.

Minor compulsory revisions
Addressed in the pre-review process.

Discretionary revisions
None.

**Level of interest:** An article of limited interest

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**
I declare that I have no competing interests.
