Reviewer’s report

Title: Functional serotonin transporter gene polymorphisms and anxiety personality traits: new study and meta-analysis on a psychiatrically healthy population.

Version: 4 Date: 12 November 2010

Reviewer: Luis F Garcia

Reviewer’s report:

After reading the cover letter as well as the revised manuscript, I have no further commentaries about the paper. I think author’s efforts to improve the manuscript have been successful, especially in regard to the discussion section that is now quite better. Therefore, I recommend the publication of the manuscript in its revised form.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
