Reviewer’s report

Title: The impact of study design and diagnostic approach in a large multi-centre ADHD study: Part 2: Dimensional measures of psychopathology and intelligence.

Version: 3 Date: 21 December 2010

Reviewer: Rosemary Tannock

Reviewer’s report:

The authors have responded to all or at least most of the key issues and so I have no further concerns. The pair of articles will make a very good contribution to the literature

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
