Reviewer's report

Title: Familial liability, obstetric complications and childhood development abnormalities in early onset schizophrenia: a case control study

Version: 2 Date: 21 January 2011

Reviewer: Marco Picchioni

Reviewer's report:

The paper would be stronger with the language improved but this is not essential.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

None
