Reviewer's report

Title: Depression and Anxiety in Patients with Rheumatoid Arthritis: A comparison of the Depression, Anxiety and Stress Scale (DASS) and the Hospital, Anxiety and Depression Scale (HADS)

Version: 1 Date: 30 September 2011

Reviewer: Wai Kwong Tang

Reviewer's report:

Major compulsory revisions:
I suggest the authors to change their focus to
1. report the frequency of anxiety in RA, based on one scale.
2. examine the correlates of anxiety in RA. e.g duration of disease.

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:
