Reviewer's report

Title: The copycat phenomenon after two Finnish school shootings: an adolescent psychiatric perspective

Version: 2 Date: 29 May 2012

Reviewer: per-anders rydelius

Reviewer's report:

The paper is very much improved.

It is now easy to read and to follow.

The added new information has strong clinical relevance as clinicians are given information how to evaluate patients referred for shooting threats in comparison to other in- and CAP-outpatients

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

No conflict of interest to report
