Title: Quality of life, depression, anxiety and suicidal ideation among men who inject drugs in Delhi, India

Version: 3 Date: 6 May 2013

Reviewer: Jess Fiedorowicz

Reviewer's report:

Minor essential revisions:
1) Methods, Participants: Please drop the following “and most would not want to retain any written information that potentially identifies them as a person who injects drugs” as it is not a direct rationale for deferring written consent. The literacy concern supersedes.

Discretionary revisions:
None. Well put together manuscript. Much more responsive in revisions.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.
