Reviewer's report

Title: Teratogenic risk and contraceptive counselling in psychiatric practice: analysis of anticonvulsant therapy

Version: 3 Date: 9 August 2013

Reviewer: Sanjeev Thomas

Reviewer's report:

The current revised version of this paper is acceptable for publication. I hope this will increase the discussion between patients and doctors regarding the teratogenic effects and contraception related issues of women with various psychiatric disorders who require treatment with antiepileptic.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
