Reviewer's report

Title: Rumination, Anxiety, Depressive Symptoms and Subsequent Depression in Adolescents at Risk for Psychopathology: a Longitudinal Cohort Study

Version: 4 Date: 6 August 2013

Reviewer: Amy Mezulis

Reviewer's report:

Major Compulsory Revisions - none. The authors have done a very nice job of responding to prior revision requests.

Minor Essential Revisions - there are a few grammatical errors and other phrasing irregularities that should be corrected with a close edit.

This article will make a small but salient contribution to the field of adolescent depression and rumination. I look forward to seeing it in press.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:
