Reviewer's report

Title: Time-course of cannabis withdrawal symptoms in poly-substance abusers

Version: 3 Date: 17 April 2013

Reviewer: David Penetar

Reviewer's report:

The manuscript has been revised accordingly and improvements are noted. Some minor essential revisions should be addressed before acceptance.

1. Should the caption for Table 1 read "1, 2, and 4 weeks"?
2. There is not footnote #1 for Table 5.
3. The figures would be more understandable if they contained legends briefly explaining what the figures show (especially Figure 3).

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
