Reviewer’s report

Title: The psychosocial difficulties in brain disorders that explain short term changes in health outcomes

Version: 6 Date: 15 October 2012

Reviewer: Ulrich Hegerl

Reviewer’s report:

Overall, this paper is interesting. The authors have adequately addressed the issues and questions which the first version of the manuscript has raised. In its revised version, it seems to be appropriate for publication.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
