Reviewer's report

Title: Mental health of indigenous school children in northern Chile

Version: 3 Date: 8 December 2013

Reviewer: Andria Spyridou, MSc.

Reviewer's report:

The authors have taken into serious consideration all the previous comments I made to their manuscript. They have made all the necessary changes suggested by me and from my part the latest version of the manuscript is satisfactory.

The only thing that could be improved is the presentation of the tables, maybe the authors should consider reviewing APA styles for tables & figures http://www.apastyle.org/learn/quick-guide-on-formatting.aspx

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
